Shower Chairs, Stretchers and Trolleys

PRISM MEDICAL UK
Moving, Handling and Bathing Solutions™
Backrests and handles
All models are available with either horizontal push handles or vertical handles for use in restricted areas or over WCs. The backrest is pliable and moulds to the user while providing excellent support.

Freecote
All Freeway chairs are treated with Freecote, our unique anti-bacterial and anti-microbial coating. The coating is durable and prolongs the life of the chair.

Frames
Available in three sizes:
- 'A' - 540mm (21") wide
- 'B' - 490mm (19") wide
- 'C' - 440mm (17") wide

High performance wheels
With stainless steel bearings and puncture proof tyres.

Armrests
With soft but supportive tops. The armrests detach or swing away for easy access and transfer.

Seats
Fully padded, horseshoe or full ring seats with different sized apertures that are interchangeable.

Footrests
They flip up and are height adjustable. They can also be easily removed or swung conveniently away from the user’s foot area.

Brakes
Self-propelled models have large wheel brakes fitted as standard.

Castors
Highest quality large diameter plastic castors with stainless steel bearings.
Bespoke, cost effective toileting and showering solutions

Manufactured in the UK from only the highest quality materials, the comprehensive range of Freeway assisted or self-propelled shower, toilet and commode chairs are designed to provide the most effective solution to a client’s toileting and showering needs.

Freeway Shower Chairs are of modular design, and can be configured to a choice of interchangeable seats, backrests, armrests and footrests. A multitude of accessories are available to ensure the most bespoke solution.

All adult models within the range are specifically designed to fit over a standard toilet or commode, with three widths available; ‘A’ - 540mm (21”), ‘B’ - 490mm (19”) and ‘C’ - 440mm (17”). Paediatric, Bariatric and models to fit over automatic toilets are also included in the range.

The interchangeable makeup of Freeway Shower Chairs makes the range one of the most cost effective on the market, as accessories and parts can be added to suit the changing needs of a client. Frames can be lowered/raised; rear wheels set back/forward and the frame depth extended/shortened.

Where there are special needs, Freeway can manufacture a bespoke shower chair subject to an individual assessment.

All standard models are weight tested to 200kg (30 stone)* and come with a standard 12 month warranty.

* excluding the Freeway T80 which is tested to 160kg (25 stone)
Freeway T20 Moulded Shower Seat Chair
Available as a static model or with four castors. It has a moulded polypropylene seat and fixed arms.

Freeway T30 Free Standing Shower Chair
The Freeway T30 is a static shower chair with slip resistant rubber feet or floor fixing options available.

Freeway T40 Assistant Propelled Shower Chair
Versatility is the key with the T40 as it can be raised/lowered, extended forward, rear castors set back for amputee use, to name but a few of its applications. Features four total stop castors and footrests as standard.

The Freeway T40 COM is a version of the standard T40 which has been modified to work seamlessly with the Clos-o-Mat Samoa toilet.

The Freeway T40 AUTO is for use with automatic toilets including the Geberit 8000 range and Clos-o-Mat Palma Vita. Features pram handle backrest and seat with skirt as standard.
Freeway T50 Front Wheel Self Propelled Shower Chair

The Freeway T50 features 510mm (20”) braked front wheels and includes footrests as standard. It is ideal for operating in tight spaces due to the positioning of the castors.

Freeway T60 Self Propelled Shower Chair

Benefits from a short overall length making it ideal for small shower cubicles. The chair’s low braked wheel facilitates seamless side transfers as the top of the wheels are below the seat height of the chair. Anti-tip bars are featured as standard. Suitable for self-propelled or assistant propelled as the 510mm (20”) rear wheel aids manoeuvring over a lip or small step.

Freeway T70 Self Propelled Shower Chair

Benefits from large braked rear wheels making this chair easy to self-propel.

The standard self-propelled model with 560mm (22”) rear wheels has easily removed push rims and footrests fitted.

Freeway T70 COM: Modified to work seamlessly with the Clos-o-Mat Samoa toilet.

Freeway T70 AUTO: Designed specifically for use with automatic toilets including the Geberit 8000 range and Clos-o-Mat Palma Vita.

Freeway T70 Side Access: Equipped with left/right side opening and adapted, swing away armrests.

Contact Us:
To request a quote or assessment, please call us on 0845 409 2000 or visit www.prismmedical.co.uk

All models available as shower, toilet or commode chairs. (Excluding T20)
Reclining

Freeway T80 Reclining Shower Chair
The Freeway T80 is highly versatile and the reclined position has significant advantages for a wide range of conditions, increasing comfort and relieving pressure.

Such conditions include:
- Multiple sclerosis
- Spinal injuries
- Motor Neurone Disease
- Stroke
- Cerebral palsy
- Other neurological conditions

The chair reclines through an infinite number of positions up to 45 degrees. The tilt action is easy and light to operate.

The Freeway T80 is available as assistant propelled or self propelled and has a Safe Working Load of 160kg (25 stone).

An extensive range of accessories are available for this model such as a full or half height detachable headrest.

Freeway T80 COM
A variation of the T80 reclining shower chair, designed to work seamlessly with the Clos-o-Mat Samoa toilet.

Freeway T80 AUTO
A version of the standard T80 which has been modified for use with automatic toilets including the Geberit 8000 range and Clos-o-Mat Palma Vita.

Contact Us: To request a quote or assessment, please call us on 0845 409 2000 or visit www.prismmedical.co.uk
The Freeway Paediatric Shower Chair range features a seat width of 360mm and a seat depth of 325mm

**Freeway T80 Paediatric Reclining Shower Chair**
The Freeway T80 Paediatric is a reclining shower or toilet/commode chair that has been purpose built for the needs of younger clients.

**Freeway T90 Paediatric Shower Chair**
The Freeway T90 Shower Chair/Commode features a seat height of 460mm. Footplates are flip up, removable and height/depth adjustable. The T90 is available as an assisted or self propelled model.

The **Freeway T90 WC** is a variation of the above, but for usage as a toilet commode - with a seat height of 560mm, allowing clearance over standard toilets and automatic bidets. NB: Self propelled model is wider due to the splayed frame.

**Bariatric**

**Freeway T100 Bariatric Shower Chair**
The Freeway T100 carries up to 350kgs (55 stone) and is suitable for a variety of applications for bariatric clients. Seat dimensions are 790mm wide and 550mm deep.

The T100 benefits from increased diameter tubing, special heavy duty castors, and heavy duty footrests with heel supports which are height adjustable, removable and swing away. The T100 is also available in smaller width frames than the standard.
Freeway Shower Chairs can have special adaptations, accessories and alterations to suit specific needs. Some of the options shown here may be fitted to an existing chair, others will be available only on a new build. Many will need adapting to your special size/situation requirements, subject to an individual assessment.

**Armrest Options**
- Raised/lowered armrests
- Flip up arms (only on new chair orders)
- Gull wing arms (only on new chair orders)
- Extended forward armrests
- Gutter armrests (with or without strap supports)
- Padded style armrests

**Backrest Options**
- 5° reclined backrest
- Extended backrest
- Detachable headrest
- Clip on padding for backrests and armrests
- Curved padded head support

**Footrest Options**
- Raised footrests (60, 90 or 120mm higher)
- Heavy duty footrests
- Integral heel supports with Velcro toe/foot straps
- Clip on padded foot tray
- Individual clip on foot tray
- Wrap around vinyl footrest covers
- Dartex footplate sleeve
- ABS foot tray
- Padded ABS foot tray
- Sandals foot holder (New footrest orders only)
- Adjustable leg support and footrest
- Adjustable angle footrest
- Adjustable stump support
- Double padded stump support
- Padded double leg support (optional dimensions)
Straps, Harnesses and Positional Aids

- Waist band Velcro fastening
- Waist band buckle fastening
- Full harness
- Ankle strap
- Vinyl calf support
- Armrest Padding
- Adjustable lateral supports
- Trunk supports, padded
- Trunk supports, unpadded
- Knee block (only on new chairs)
- Black curved thoracic support (only with extended backrests)
- Curved thoracic supports (can be purchased as a retro fit kit for all T80 length backrests)
- Thoracic wedge

Hygiene

- Commode pan
- Cap shaped splashguard
- Lower commode pan tray
- Pommel (photo shows adapted for use on horseshoe seat)

Seat Options

A padded seat is a major contributor to the comfort and support offered by any Freeway Shower Chair.

The huge choice of standard seats means that there is a seat for most situations yet we frequently supply custom seats for special situations.

The following are examples of this type of seat.

- Padding: Increased or extra comfort padding
- Reduced padding on seats
- Wedged padding
- Dartex upholstery (breathable four way stretch fabric allows more significant moulding of seat to user and may help with pressure relief)
- Different sized/shaped apertures
- Extended seat depths (over 75mm involves frame alteration)

Other Options

- Counter balance weights for double amputee
- Extended brake levers
- Capstans on wheels
- T30 floor fixing kit

**STEP 2**

**SEAT**

A. *Select your seat width*

- ‘A’ 540mm (21”)
- ‘B’ 490mm (19”)
- ‘C’ 440mm (17”)

B. *Select your seat type*

- Horseshoe
- Fully padded
- Full ring

C. *Select aperture size*

- Large
- Medium
- Small

D. *Select seat extension if required*

- Extra 50mm
- Extra 75mm

E. *Select covering*

- Dartex
- Vinyl

F. *Select seat comfort*

- Standard
- Extra comfort

**STEP 3**

**BACKREST**

*Select your backrest*

Choose between horizontal push handles or vertical push handles which can be useful where space is restricted or against a WC cistern.

- Horizontal push handles
- Vertical push handles
- Pram style backrest (AUTO Chairs only)
**STEP 4**

**ARMREST**

Select your armrests

- **Standard**
  Gives 370mm of clear width on a standard ‘C’ (440mm) frame

- **Half wide**
  Extra 50mm width

- **Wide**
  Extra 100mm width

* Measurements taken between armrests and across narrowest point.

**STEP 5**

**FOOTREST**

Select your footrests

- **Standard footrests**
  Adjust from the floor to 195mm

- **Raised footrests**
  60/90/120mm from standard.

- **Heavy duty footrests**

**STEP 6**

**TRANSPORT**

Many Freeway Shower Chairs are available as a transportable option so that the frame can be easily dismantled without the need for tools, for ease of transport or storage.

For example:

- T40 Assembled
- T40 Dis-assembled (frame only)

Please speak to your representative for a full list of shower chairs with transportable option.

**Transportable option**

- Yes  
- No

**STEP 7**

**ACCESSORIES**

Select your accessories

Please quote the product name of the accessories that you require:

### T70 Specification Key

1 = Height.
2 = Height with detachable headrest.
3 = Width.
4A = Length in upright position.
4B = Length with max. recline including footrests at highest position.
4C = Length max. recline and detachable headrest fitted.
5 = Seat width.
6 = Height to top of seat.
7 = Height clearance.
8 = Seat depth (standard seat).
9 = Top of armrest to top of seat.
10 = Width clearance.
11 = Top of backrest to top of seat (without detachable headrest fitted - with headrest add 300mm).
12 = Distance between armrests at rear.
13 = Distance between armrests at front.

13
All trolleys have braked castors fitted as standard.

**Castors**
Highest quality large diameter plastic castors with stainless steel bearings.

**Foot Pump**
Height adjustable trolleys operated by easy to use foot pump.

**Brakes**
All trolleys have braked castors fitted as standard.

**FREECOTE**
All Freeway trolleys and stretchers are treated with Freecote, our unique anti-bacterial and anti-microbial coating.
Shower trolleys and stretchers for all care environments

Manufactured in the UK to the same high standards as the Freeway Shower Chair Range, the comprehensive range of Freeway Shower Stretchers and Trolleys allow carers to shower, change and transfer clients in a safe and dignified manner.

Multiple fixed height and adjustable height options are available throughout the range to ensure carers are working in the safest possible position in order to reduce the risk of injury to themselves and the client.

The Freeway Shower Trolley and Stretcher range has been long established as a market leader due to their durability and versatility, making them suitable for use in a wide range of care environments including hospitals, care homes and individual residences.

All standard models are weight tested to 200kg (30 stone) and come with a standard 12 month warranty.
**Freeway Wall Mounted Shower Stretcher with Padded Roll Edge**

This Freeway Wall Mounted Shower Stretcher benefits from a padded roll edge for safety and comfort which often means the cotside is not necessary. Available in six sizes from 1400mm to 1900mm and can be adjusted on installation up to a working height of 900mm. Option to add some sag to the vinyl or fit a skirt.

**Freeway Wall Mounted Shower Stretcher with Adjustable Backrest**

This Freeway Wall Mounted Shower Stretcher is available with adjustable backrest and can be left or right handed. Available in six sizes.

**Wall Mounted Padded Shower Stretcher & Changing Table**

This Freeway model serves two purposes in one as it can be used as both a shower stretcher and a changing table. It benefits from a comfortable 50mm vinyl upholstered covering and is available in three sizes: 1500mm, 1700mm and 1900mm.

**Freeway Wall Mounted Shower Stretcher**

The Freeway Wall Mounted Shower Stretcher is our economy shower stretcher with vinyl top and drainage holes. Photo shows optional padded cot side.

Available in six sizes from 1400mm to 1900mm and can be adjusted on installation up to a working height of 900mm.
Freeway Fixed Height Shower Trolley
The Freeway Fixed Height Flat Bed Shower Trolley is our economy model which benefits from top quality sealed bearing castors and the option of cot sides on long sides or all round. Available in six sizes; from 1400mm to 1900mm.

The Freeway Fixed Height Padded Shower Trolley has exactly the same specification as above but with padded top included. Available in three sizes; 1500, 1700 and 1900mm.

The Freeway Fixed Height Shower Trolley with Liner has cotsides all round and liner included (as shown in photo above). Available in three sizes; 1500mm, 1700mm and 1900mm.

The Freeway Fixed Height Shower Trolley with Adjustable Backrest is available with adjustable backrest and can be left or right handed.

Freeway Adjustable Height Shower Trolley
The Freeway Adjustable Height Shower Trolley benefits from optional cot sides and is height adjustable by hydraulic foot pump. Six sizes available from 1400mm to 1900mm.

Freeway Adjustable Height Shower Trolley with Adjustable Backrest
This Freeway Adjustable Height Shower Trolley is a variation of the above with the added inclusion of an adjustable backrest. Six sizes available.
Freeway Adjustable Height Trolley with ABS Top & Liner

This Freeway Adjustable Height Shower Trolley benefits from an ABS top and padded liner with an optional pillow.

It is height adjustable by hydraulic pump to a working height of between 600mm to 925mm. Three sizes available; 1500mm, 1700mm, and 1900mm.

Freeway Adjustable Height Padded Changing Trolley

This Freeway Adjustable Height Shower Trolley benefits from a comfortable one piece padded top.

Photo features optional cot sides all round. Three sizes available; 1500mm, 1700mm and 1900mm.

Shower Stretcher Technical

Dimensions based on a standard 1900mm length Shower Stretcher

1 = length = 1900mm
2 = length with adjustable headrest = 1975mm
3 = width = 670mm
4 = width when fitted with standard brackets = 810mm
5 = width when fitted with short brackets = 760mm
6 = width when fitted with cot side = 835/785mm
7 = distance from wall to inside of legs = 795mm/745mm
8 = distance between bracket hinges = 1100mm
9 = height = 900mm
10 = distance from wall when folded up = 120mm

NB: Padded rolled edge increases width/length by 50mm
