

PRISM Stairlifts

PRISM MEDICAL UK

Moving, Handling and Bathing Solutions™

COMFORT. SA

SAFETY. INDEPENDENCE.

At market leading prices and with fast, hassle free installation

Any Prism Stairlift is designed to make your life easier and ensure you continue to enjoy a relaxed, safe and leisurely lifestyle in your own home.

A Prism Stairlift is an excellent product designed to simply provide an easy and convenient

way of accessing upper floors quickly and safely, whenever required.

We offer two Prism Stairlift options based on the layout of your staircase – the Prism Horizon Straight Stairlift and the Prism Curve Stairlift.

A brand new Prism Stairlift is available to purchase at market leading prices fully fitted with a two year warranty.

Why take needless risks climbing steep stairs when you can use the Prism Stairlift?

PRISM Horizon Straight Stairlift

Safe, reliable and easy to use – at a market leading price and fast installation

The Prism Horizon Straight Stairlift has been developed specifically for straight staircases without curves or bends and will fit unobtrusively and gracefully into your home.

When not in use Prism Straight Stairlifts can be folded away and with a slim profile will not obstruct the stairway for use by other people.

Prism Straight Stairlifts have been ergonomically designed to ensure they are simple and easy to operate.

There are two models to choose from;

- Horizon Standard (maximum user weight capacity of 120kg/19st)
- Horizon Plus (maximum user weight capacity of 140kg/22st with additional features)

ERGO Seat & Upholstery Options

Horizon Plus Only

The height of the user can have a vital impact in the fitting of a stairlift and it's ability to be used safely.

In most cases, the ERGO seat is suitable, however, in cases where space is at a premium, the ERGO Plus seat can help to bring a user's knees further towards their body, reducing the back to knee measurement and potentially making the difference between the user and the stairlift fitting or not.

ERGO

ERGO Plus

PRISM Horizon Standard

The Prism Horizon Standard Stairlift delivers all the essential comfort and safety features you need in a neat, slimline package. With a compact profile which sits close to the wall, the Prism Horizon Standard seat comes in neutral colours to blend seamlessly into your home.

Joystick

Total control at your fingertips.

Security Lock

Prevent unauthorised use of the lift.

Slimline Standard Seat

Simple, compact, comfortable.

Lever Linked Swivel

Turns the user at the top of the stairs.

Digital Carriage Display

Easy to read, real-time diagnostics.

Lap Safety Belt

Additional safety when lift is in operation.

Manual Footrest with Safety Edge

Senses obstructions and brings the chair to a stop.

Rail Angle

25° - 55°

Weight Limit

120kg (19st)

Easy to read, real-time diagnostics.

Retractable Safety Belt

Additional safety when lift is in operation.

Lever Linked Footrest with Safety Edge

Adjustable Seat Back

Horizontal adjustment of the seat back. Combined with the multi-position seat pad, the Horizon Plus offers multiple configuration options.

Rail Angle

25° - 62°

Weight Limit

140kg (22st)

PRISM Curve Stairlift

Safe, reliable and easy to use – at a market leading price and fully installed within days

The Prism Curve Stairlift has been developed specifically for a range of curved staircases and will fit unobtrusively and gracefully into your home.

With the revolutionary ergonomically designed chair, a Prism Curve Stairlift can be fully adjusted to ensure the perfect fit for you at installation.

A Prism Curve Stairlift can be easily folded and allows you to swivel the chair on the landing, allowing for safe transfer on and off the stairlift.

There are three models to choose from;

- Curve ERGO (maximum user weight capacity of 120kg/19st)
- Curve ERGO HD (maximum user weight capacity of 160kg/25st) Ideal for plus-size clients
- Curve ERGO SPACE (maximum user weight capacity of 120kg/19st) Ideal for use on narrow staircases

PRISM Curve ERGO HD

The Prism Curve ERGO HD offers all the same high quality features of the standard Prism Curve ERGO but with an increased weight capacity of up to 160kg (25st).

Its increased weight capacity makes this stairlift the ideal solution for plus size clients.

Despite the increased weight capacity, size, shape and seat height are identical to the standard model, ensuring that the Curve ERGO HD fits gracefully into your home.

**Weight
Limit**

160kg
(25st)

PRISM Curve ERGO Space

The Prism Curve ERGO Space has been specifically designed for those who require a stairlift to be fitted on a narrow staircase. Its unique compact design provides an extra 60mm of space compared to the Prism Curve ERGO.

For those with the narrowest of staircases, use of the ERGO Plus seat pad is advised as this increases the space saving by an extra 25mm to a total of 85mm.

A comfortable ride is a certainty with the Curve ERGO Space as the back rest curves around the user and is 80mm shorter than that of the standard Curve ERGO.

**Weight
Limit**

120kg
(19st)
